

**Stops Indigestion on Every Tine**

Make it at Home. Cost Almost Nothing—Works Wonders With Disordered Stomach.

Here's a simple, old-fashioned home remedy that thousands of stomach sufferers swear by and one that will relieve indigestion, dyspepsia, gastric pain, belching, bloating, heart palpitation and similar distress, in five minutes time. It also acts as a stomach tonic, restores appetite and promotes perfect digestion of food.

Just get two ounces of concentrated liquid Marix (aromatic) 75 cents worth at any drug store or by mail from The Marix Co., Fort Wayne, Ind. Dilute the Marix with double the quantity of pure water, then take a teaspoonful before each meal. You get relief immediately. You'll get back your appetite and enjoy eating, for your food will digest. It is effective no matter how severe or stubborn your case may be, or what has failed to help you in the past. Nothing if you are not more than satisfied with the benefit you derive from it.

**Look and Feel Clean, Sweet and Fresh Every Day**

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain and yet how very easy it is, if one will only adopt the morning inside bath.

Folk who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy nose, cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick, or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast.

The millions of people who are bothered with constipation, biliousness, stomach trouble, rheumatism, others who have sallow skin, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation. (Adv.)

**Dr. S. Golden**

SPECIALIST

With a Record of 28 Years Successful Practice.

Physical treatment by massage. Dr. Golden has been here for two years to treat special cases and has done remarkable work. Citizens of Chattanooga have insisted upon him to open an office. Dr. Golden treats all kinds of rheumatism, stomach trouble and nervousness; also stiff and crooked joints; removes surplus flesh; no charges for consultation. Office 428 and 428 1/2 James Bldg. Office hours 9 to 12 and from 2 to 4 p. m. Phone Main 6609.

**KINK HAIR**

Which do you want—short, kinky hair, or long, wavy, glossy hair?

**QUEEN HAIR DRESSING** will make your hair long, soft and pretty. Colored women everywhere are using this wonderful hair grower. Don't take a substitute, but get the QUEEN. Send today 25c, stamps or money, to NEWBORN MFG. CO., ATLANTA, GA. Agents Wanted.

There was never a time when the sacrifices and the help of women were more appreciated than at the present time. Women should learn war-nursing and nursing at home. There is no better way than to study the new edition of the "Common Sense Medical Adviser"—with chapters on First Aid, Bandaging, Anatomy, Hygiene, care of the Sick, Diseases of Women, Mother and Babe, the Marriage Relation—to be had at some drug-store or send 50c. to Publisher, 654 Washington Street, Buffalo, N. Y.

If a woman suffers from weak back, nervousness or dizziness—if pains afflict her, the best tonic and corrective is one made up of native herbs and made without alcohol, which makes weak women strong and sick women well. It is the prescription of Dr. Pierce, used by him in active practice many years and now sold by almost every druggist in the land, in liquid or in tablets. Send Dr. Pierce, Buffalo, N. Y., 10c. for trial pkg. Dr. Pierce's Pleasant Pellets are also best for liver and bowel trouble.

Tryon, Okla.—"I am pleased to have the chance to tell that Dr. Pierce's Favorite Prescription did wonders for me. Last year during expectancy I was so poorly and was getting so weak that I couldn't do my housework until a friend told me of 'Favorite Prescription.' After taking four bottles I was so much better I didn't feel like the same person. Our baby is now seven months old and although he has the whooping cough last winter he weighs nineteen pounds."

"Will advise all expectant mothers to use 'Favorite Prescription' for it did so much for me I am sure it will for them."

—Mrs. Bert Nance.

**SCHEIDEMANN UNSPARING IN CRITICISM OF RULERS**

MILITARY POWER REDUCED CIVIL POWER TO NAUGHT.

Foe Underestimated—Time Is Passed for Spilling Blood for Dynastic Reason.

New York, Oct. 25.—German newspapers received here show that sharp criticism of the German military policy was voiced in debate during a sitting of the main committee of the Reichstag late in September. Deputy Adolph Groeber, of the center party; Philipp Scheidemann, the socialist leader and now secretary of state without portfolio in Prince Maximilian's government; Deputy Fischbeck, of the people's progressive party; and Dr. Gustave Stresemann, of the national liberal party, were the chief critics.

The keynote of their remarks was that the military policy reduces the civil government to the role of a puppet.

According to the Vorwaerts of Sept. 15, the address of Herr Groeber was the greatest surprise of the day. In the past he has been a strong supporter of the militarist forces. During the debate he turned upon Chancellor Von Hertling and also Gen. Von Seeck, Prussian war minister, accusing the latter of having forbidden meetings in favor of the peace resolution passed by the Reichstag in July, 1917.

Worst Year Ever Lived.

Philipp Scheidemann was unsparing in his criticism of conditions which have arisen during recent months. He said in part:

"The last year has been the worst ever lived by the German people. It was believed that, following the conclusion of peace in the east, a military superiority had been created in the west. In that we have been deceived. Authoritative circles have underestimated the enemy and this under-estimation has been communicated suggestively to the people.

"It has not been possible, as the military thought, to crush the enemy. We will on the contrary be compelled to do our utmost in avoiding being crushed ourselves."

"Vice Chancellor Von Payer endeavored, in his speech at Stuttgart, to justify Germany's policy in the east. He even tried to harmonize his address with remarks recently made by Dr. W. S. Solf, the secretary of state for colonies. This was a difficult undertaking, for Dr. Solf probably would have spoken quite differently if he had been acquainted with the treaties supplementary to the Brest-Litovsk convention. It is very characteristic that Dr. Solf, as a member of the government, knew nothing of these treaties."

Time Irrevocably Passed.

"The time is irrevocably passed when the peoples are willing to spill their blood for dynastic reason. It has been impossible to bring our full force to bear upon the western front because, as a result of our eastern policy, German troops must be kept in great strength in the east."

According to the Vorwaerts, the attitude of the German government relative to the first Austrian peace note caused surprise in Berlin. "There is a cleft in the alliance," the newspaper says.

Civilian authorities are overruled by the military on certain occasions, according to the report of the debate in the main committee. Here Scheidemann said "that the order of the military committee police forbids a deputy to discuss a question which today engrosses the entire attention of the German public." It is pointed out that he referred to franchise reform. Herr Scheidemann said that the efforts of the military to "beat down every free emotion among the people" had the result of making conditions at the front "worse and worse."

CONSIDERS AUSTRO-CZECHS

Austria Will Negotiate With This Element in Efforts to Secure Separate Peace.

Zurich, Oct. 25.—Austria, in her reply to President Wilson's separate note to that country states that the Austrian government will negotiate with the Austro-Czechs, according to a report received here today.

In his note to Austria, President Wilson pointed out that the United

**SPANISH INFLUENZA IS EPIDEMIC HERE**

Many Cases Develop Into Deadly Pneumonia. Easier to Prevent Than Cure. How to Avoid.

The constant daily increase of Spanish influenza reported by local physicians shows clearly that many people are failing to take the simple ordinary precautions necessary to avoid infection. For while influenza, after its development, is sometimes difficult to cure, it is an easily preventable disease.

The best plan is to begin treatment before the first symptoms start. For no other disease will develop so quickly or spread so rapidly. You may feel fine today—be sick tomorrow and lose a week or more of work. You will indeed be fortunate if pneumonia does not develop. The air today is full of influenza germs. Every breath you take is likely to draw them into your nose and throat. You can prevent the disease by killing the germs before they spread throughout your system. There is probably no safer or surer way to do this than to go to the nearest drug store and get one of the famous Hyomel Inhalant Outlets consisting of a bottle of the pure Oil of Hyomel and a little vest-pocket, hard rubber inhalant device into which a few drops of the Oil of Hyomel are poured.

Just breathe this Oil of Hyomel deep into your nose, throat and lungs and every particle of air that enters your breathing organs will be charged with an antiseptic, germ-killing balm that will absolutely destroy the germs of influenza that have found lodgment there.

You can't do this too often. No ordinary night and morning gargling or throat spraying will be sufficient so long as the virus is in your system in constant contact with infection. The Hyomel Inhaler is small and can be conveniently carried in a handbag or vest-pocket. Every half hour or so throughout the day take it out and draw a few breaths of its pure healing air into your nose and throat. By doing this you can prevent infection and check the further spread of the disease—even though you are coming in direct contact with it. This is an inexpensive treatment as the Inhaler will last a lifetime and further supplies of the Oil of Hyomel can be had at any drug store for a few cents.

NOTE: Oil of Hyomel, so strongly recommended above for the prevention of Spanish influenza, is not a new discovery but is the application of an old and time-tried treatment to a new disease. Hyomel has been a standard in the treatment of catarrh and colds for almost twenty years and is sold by druggists everywhere. Hundreds of people in Chattanooga and vicinity keep a Hyomel outfit with Inhaler on the bathroom shelf for regular winter use. If you have one get it out now and use it. If you haven't one, go to the nearest drug store and get one today. It is the duty of every person, not only for his own sake but for the community, to do all in his power to prevent further spread of this epidemic and to stamp it out. Jo Anderson, druggist, Chattanooga, Tenn. (Adv.)

States has recognized that a state of belligerency exists between the Czech-Slovak and the Austro-Hungarian and German nations, and has recognized the nationalistic aspirations of the Jugo-Slavs. Therefore, said the note, the president cannot accept mere autonomy of these people as a basis for peace, but it is obliged to insist that they, and not he, shall be the judges on what action on the part of Austria-Hungary will satisfy them.

**MEETS HEARTY APPROVAL**

President Wilson Has Cleared up Uncertainty Regarding Armistice.

London, Oct. 25.—President Wilson's last reply to the German peace overtures has met with hearty approval here.

"President Wilson has cleared up the uncertainty regarding an armistice, which would give the Germans time to reorganize their armies and strike again," said the Telegraph today. "It is a remarkable document and meets with hearty approval everywhere."

The Times commented on the message, adding that "it reveals that the American view is identical with ours."

"The note meets with the approval of the allies," says the Chronicle, "and leaves no loophole."

Lord Lansdowne, who has been strongly before the public on account of "peace letters" to British newspapers, called the note "strong and prudent."

"It means unconditional surrender for Germany," was the comment of Lord Bessborough.

Arthur Henderson, famous labor leader, declared that President Wilson has "clarified our hopes as to a peace program."

"President Wilson's note means that Germany must place herself irrevocably in the hands of the allies," said the Daily News. "If Germany accepts, the war will be over in less than a week. Otherwise, the conflict will drag through the spring and summer. The allies must clear the obstacles to peace by accepting President Wilson's point."

The Post called the American note a "master-piece of diplomacy," adding: "It rivets the German government to unqualified acceptance of the fourteen peace principles of President Wilson. If an armistice is not yet compatible with German honor, we must keep on hammering away."

"Mastery, unequivocal and candid," was the characterization of the Daily Express.

**DESTRUCTION ORGANIZED**

Villages Razed, Despite Inhabitants' Supplications.

With the French army in Champagne, Wednesday, Oct. 23.—(Delayed.)—Detachments of engineers from Gen. Gouraud's army, in exploring the region from which the Germans have been driven in the last few days, have discovered many villages evidence of the method by which the destruction of dwellings, churches and other public buildings was organized.

The regions along the Retourne abound with indications of willful devastation of villages that were never in range of artillery, but were found razed to the ground. In others, where houses were still erect, they were mined for slow destruction. Orders for the burning of Juniville, a large village in the valley of Retourne, arrived on the day of evacuation. The people pleaded with the officers to spare their homes, but the torch was put to every home. The village was one vast brazier when the French entered it. Mont St. Remy shared the same fate.

Chatelet, Alincourt, Bigbécourt and Cille-Sur-Retourne were partially saved, because the French troops pressed the Germans there so closely that the sappers left behind to do the work were surprised. Some of these men fled before they could set off the mines which had been prepared. Others were captured.

Preparations for the destruction of these villages went on in the presence of the people and in spite of their supplications.

Investigating the reports, a representative of the Hamilton County Dry Union inquired of the hospital officials at Fort Thomas, Ky. The reply was laconic: "Emphatically no."

**"UNCLE" HENRY HELD**

Bound Over to Grand Jury as Result of Moonshining.

"Uncle Henry" Smith, Minnie Smith and Ora Johnson, the negroes who were arrested by a posse of Hamilton county officers in a raid upon an innocent looking cabin located in an abandoned corn field near Chattanooga, Tenn., Thursday, faced "Squire Bork Thursday" afternoon charged with moonshining and storing liquor. "Uncle Henry" Smith, who admitted his guilt, and with his wife, who is down with the "flu," was bound over to the grand jury under a \$1,000 bond. "There is not a word of truth in the statement that carloads of whisky are being shipped and used at the camp," said Maj. Duval. "An offer was made to furnish whisky and was emphatically refused."

Investigating the reports, a representative of the Hamilton County Dry Union inquired of the hospital officials at Fort Thomas, Ky. The reply was laconic: "Emphatically no."

**FOOTBALL-LESS SATURDAY**

Ban Still on the Great College Sport at Chicago.

Chicago, Oct. 25.—Chicago and Illinois, which have taken part in the nation's football season, will have a second football-less Saturday tomorrow as a continuation of the fight on "flu."

Dr. J. C. Clark, President of the Illinois State Board of Health, said he was the only one in the state who can lift the ban, and he, as health director of Illinois, refuses to do so until the epidemic has been conquered.

Meanwhile, waiting for the day of deliverance, football aggregations throughout the state are hard at work drilling to be "fit" for their opening games.

**OVERCHARGED SOLDIERS**

Norfolk Stores Under Armed Guard as Result.

Norfolk, Va., Oct. 25.—The naval intelligence office yesterday placed armed patrols in front of five retail business concerns, with instructions to request all customers to be searched for contraband. The navy not to trade with them because of alleged discriminations against the uniform in the prices charged for merchandise. Further than to say the action followed investigation by secret service men in civilian clothes and naval uniforms of alleged overcharges reported to the bureau by enlisted men, navy intelligence officials declined to comment.

**EFFECT OF PEACE NOTE**

No Allied Terms for Armistice Until Germany Raises White Flag.

London, Oct. 25.—President Wilson's note is expected to result in the end of the war. The German government has been asked to raise the white flag. The German government has been asked to raise the white flag. The German government has been asked to raise the white flag.

All mail orders promptly filled and sent "Free" by parcel post.

# DR. Loveman Co.

"Absolutely one price always."

## An important underprice sale of Women's New Coats

AN exclusive maker of women's high grade coats in New York contemplates turning his plant over to the manufacturers of garments for Government use. He sold us all of the coats he had on hand at much less than regular prices. These coats arrived recently by express and are wonderful values.
